

Farm Club

UNIT 1

Theme: The Last Harvest Month

All lessons are subject to change due to animal behavior, weather and harvest changes- we typically are able to change weeks and/or modify to a similar activity

Fall on the Dairy Farm

- Learn about sustainable dairy farming and what the change of seasons means for us
- Tour some of our farm lands
- Interact with a jersey cow
- Explore various dairy products
- Produce farm-fresh butter

An Apple a Day.

- Interact with our on-site farm animals and participate in their care
- Learn about farming fall crops
- Learn about the farming apples & taste various types of apples
- Produce & taste apple sauce

Fall Harvest

- Prepare our garden for spring planting and end of autumn
- Explore various fall harvest produce
- Learn about how changes in the season effects the needs of animals
- Produce & taste apple pie muffins
- Create apple art

Farmer's Market & Dinner Club

Each unit prepares children to understand and appreciate the farm process from the soil to the market table

Our students will prepare and host a farmer's market- selling the products that they learned about during the month. The learn that being a farmer is more than just growing food, they have to be buisness people too!

We will make and enjoy a farm to table snack to share and show off our kitchen skills!

Schedule

Drop off begins at 5pm. Pick up is at 6:30.

9/30: 5-6:30pm

10/7: 5-6:30pm

10/21: 5-6:30 pm
